Progres Kerja tanggal 25 November 2024

1. Membuat detail kelompok bisnis

2. Membuat table database untuk backend kelompok bisnis

Screenshot of a web browser displaying the phpMyAdmin interface. The browser's address bar shows the URL: `localhost/phpmyadmin/index.php?route=/sql&db=aplikasi_kendaraan&table=kelompok_bens`. The phpMyAdmin interface includes a sidebar with a database tree structure on the left and a main panel on the right. The main panel displays a table named `kelompok_bens` with the following columns: `id_kelompok`, `nama_kelompok`, `nama_bens`, `ide_bens`, and `logo_bens`. The table contains one data row with the following values: `1`, `BMW RENT`, `RENT BMW WITH CHEAP PRICE`, `BMW logo.png`. The interface also shows a SQL query editor at the top with the query: `SELECT * FROM `kelompok_bens``. The bottom status bar of the browser indicates the system time as 11:34 PM on 10/25/2024.
